

## PRESS RELEASE

### **Zabel Property AG nominated for International Property Awards**

- Nominated as “Best Real Estate Agency Europe”
- Nominated as “Best Real Estate Agency Website Europe”

**Berlin, 29 September 2015** – Zabel Property AG is nominated in two categories for the International Property Awards in London: “Best Real Estate Agency Europe” and “Best Real Estate Agency Website Europe”. “These nominations validate our corporate philosophy. Internationally, we are considered to be the top address for Berlin’s premium real estate market; around three-quarters of our clients have their principal residence overseas”, says Thomas Zabel, CEO of Zabel Property AG.

Other than Zabel Property AG, only Colliers International made the final European selection. These latest nominations come in the wake of two top spots in the European Property Awards, where Zabel Property AG was awarded the accolade of “Best Real Estate Agency Germany” and ranked first in the “Best Real Estate Agency Website Germany” category.

This year Zabel Property AG will compete in the International Property Awards for the sixth time. The annual awards are split into regions covering Africa, Asia Pacific, the Middle East, Canada, Caribbean, Central & South America, Europe, UK and the USA. The winners will be announced in London on December 7th 2015.

2015 marks the twentieth round of the International Property Awards, with winners selected by a highly experienced judging panel comprising professionals from across the entire spectrum of real estate disciplines.
